Subject: Holley Navarre Intermediate School

Dear Mr. Thomas,

Working in the middle of three different schools, 2,100 students, teachers, and three sets of administration, can create some monumental challenges. Ben handled all the challenges effortlessly; in addition he went out of his way to keep us informed with every phase of the project.

I have been most impressed with the way Ben kept the site clean, secure, and safe.

Please accept my greatest appreciation for the new four classroom addition at Holley Navarre Intermediate School. Through your company's commitment to quality construction and with the outstanding supervision of your superintendent (Ben), we will have a safe environment to educate children for years to come.

This has been an enjoyable experience.

Thank you,

David Sigurnjak
Assistant Principal
Holley Navarre Intermediate School
